

**Panels**

**Voice of The  
Industrial  
Automation**

CFT offers configurable Programmable Logic Controller (PLC) panels that provide flexible, reliable, and affordable automation control for any industrial, manufacturing, or production process application.

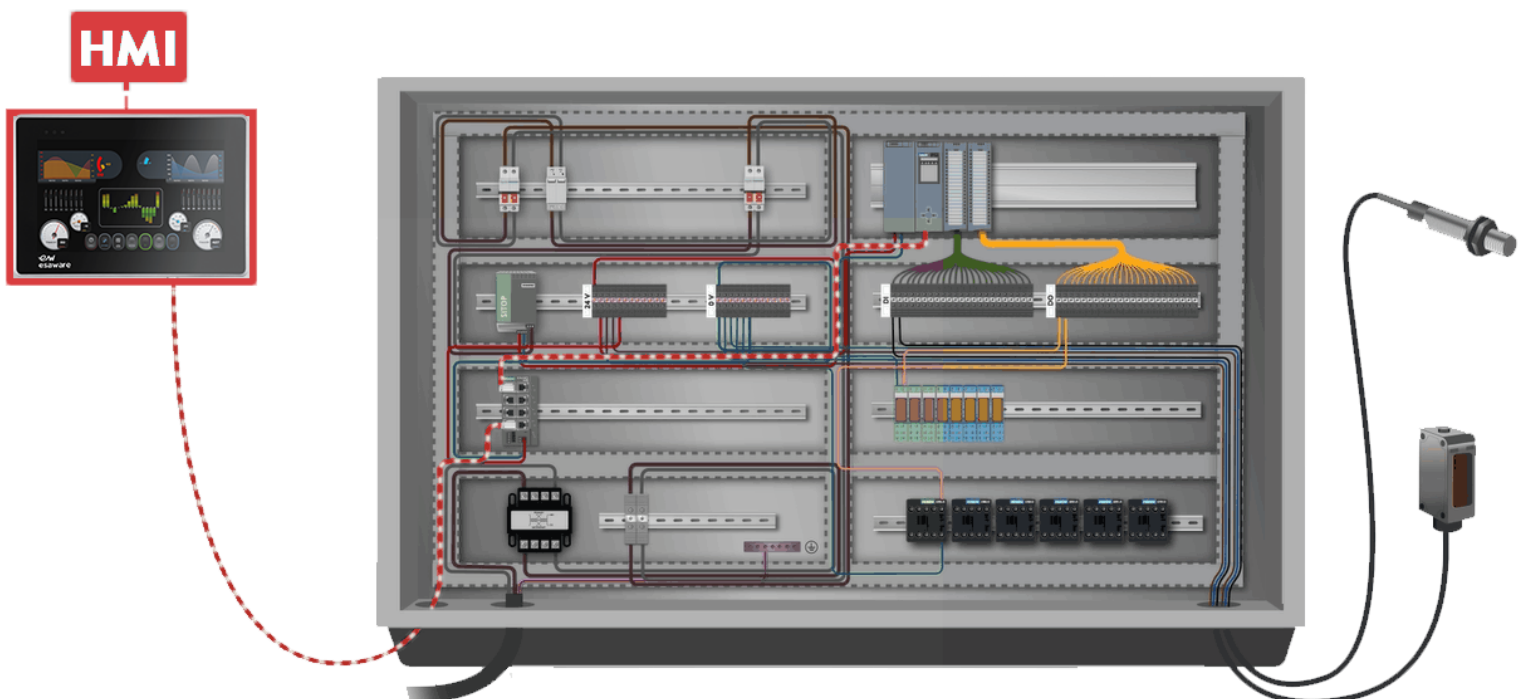

Programmable Logic Controllers are available from an extensive network of leading electrical control manufacturers including Allen Bradley, Esa, and Siemens to ensure your preferred manufacturer's products are available for configuration.

## APPLICATION

- + Packaging Machine
- + Pharma Machine
- + Plastic and rubber machine
- + Steel and Wood working machine
- + CNC
- + Food processing machine
- + Robotics

## FEATURES

- + Design and conceptualization based on Client design and specifications
- + Preparation of bill of quantities, tendering
- + Preparation of detailed drawings, site set out
- + Sourcing of material from different well known vendors
- + Evaluation and submission of progress report
- + Execution of planting schemes
